

November 2016

Holiday Food Drive

Through a generous donation from the San Diego Food Bank, 20 families at Vista La Rosa received a food bag during the holiday. The bags were filled with apples, granola bars, cans of chicken, milk, cereal, and tomatoes.

With the help of property management, families most in need of food assistance were selected to receive the donation.

After School Program

During November, a higher number of students participated in the After School Program, due to the holiday break. Students engaged in extracurricular activities, assisted with the food drive, and helped decorate the learning center for upcoming holidays.
