

Toys for Tots

Housing on Merit Partnered with San Diego Toys for Tots for the kids at Vista La Rosa. Toys for Tots distributes over 76,000 toys and 14,000 stocking stuffers annually to kids in the San Diego area. A total of 45 kids signed up to receive toys at Vista La Rosa, each of them received two items.

Our Learning Center Coordinator teamed up with Property Management to organize the distribution of toys. The local Police Department was invited to the event and they had an officer dress as Santa Claus to hand out toys.

After School Program

Members of our Teen Council at Vista La Rosa have put in a great deal of work into their final year of high school. They averaged a GPA of 3.8 this past semester with one student receiving a 4.2 GPA. With such impressive results these students meet the requirements of the California Scholarship Federation (CSF). The purpose of the Federation is to recognize students who excel at challenging courses throughout high school. As members of the Federation, students receive special recognition when applying for colleges and scholarships. In addition, Juniors and Seniors have been preparing for their Advanced Placement (AP) tutorials coming up next semester.

Students in the Teen Council who are also part of our soccer program are part of the Junior Varsity and Varsity teams at their high school. They have been prepping for upcoming games through various training clinics.

Medical Mobile Unit

The Medical Mobile Unit visited Vista La Rosa this month to provide onsite medical services to residents. A few of the services used this month include:

- Immunizations
- Flu Shots
- Skin Tests

The Unit visits Vista La Rosa once every two months and the next visit is scheduled for February 2017.
