

After School Program

The After-School program continues to flourish at Vista la Rosa with an average of 30 students attending each day.

Students in elementary school grades K-6 continue to show improvement in key academic subjects and literacy as a result of participating in Homework Help tutoring sessions. The kids in the After-School program enjoyed board games and interactive play activities during the end of winter holidays break!

Soccer Team

Several of the youth on the Teen Council at Vista La Rosa are on the Junior Varsity and Varsity programs at their high school and are looking forward to upcoming games, training and practice. Members of the After-School Program Teen Council, who also participate in this soccer team, report that the After School Program helps them improve their grades and has allowed them to be better student-athletes.

Medical Mobile Unit

In partnership with the San Ysidro Health Center Healthy Steps Program, the Medical Mobile Unit will be visiting Vista La Rosa in February. Some of the services to be provided include: Immunizations, physicals and general health and wellness education.
